

## SiteBuilder Import all files Repair

This repair is for those who attempted to Import the entire AT&T Pioneer Volunteers website and only received approximately 1,700 or so files. The Imported file total should be more than 4,400 files.

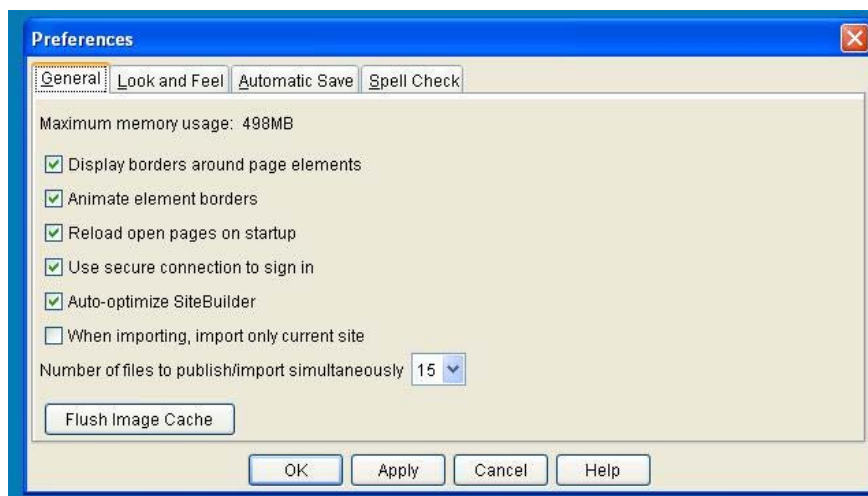

### There is not need to delete the files that were already Imported

Open SiteBuilder

Select **Tools** from the upper Menu Bar and  
Select **Preferences**

In the Preferences dialog box  
Un-check **When importing, import only current site**

Select **Apply** and then **OK**

**You are now ready to Import the remaining AT&T Pioneer Volunteers file**
